FEATURED STORY

Precision Welding for Life-Saving Medical Devices

In delicate medical applications, the quality of welded components impacts patient quality of life. Apex Precision is ISO 13485 certified and experienced in meeting the critical compliance-driven requirements of the medical sector, offering medical welding services engineered with an acute understanding of the smallest and most complex welds. [Read our blog post](#) to learn how our precision impacts patient outcomes.

FEATURED NEWS

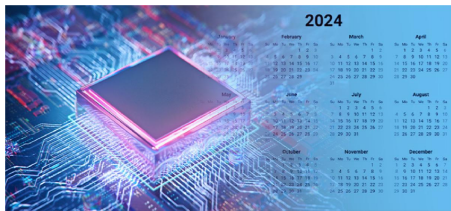

ARM Purification's Updated Point-of-Use Purifier Datasheets

Have you checked out our recently updated point-of-use purifier datasheets? These sheets detail the model, diameter, length, maximum pressure, flow rate, and more, for ARM Purification's point-of-use gas purifier models: AG, CO, CO2, FG, HCG, HG, IG, OG, and RG series.
